Welcome to the 153rd Edition of The Great Stoneboro Fair.

We wish to extend a big "Thank You" to our Committees, Advertisers, Sponsors, Exhibitors, and Fairgoers for making our Fair a success. We hope you will enjoy your visit to the Fair!

Sincerely,
THE GREAT STONEBORO FAIR

GENERAL & LIVESTOCK RULES & REGULATIONS

1. All Exhibitors agree to be bound by the rules and regulations of the Stoneboro Fair.
2. The Fair Management reserves the right to amend or add to these rules & regulations as its judgment may determine.
3. Reasonable care will be taken to protect all exhibits on display from all injury and damage but the Fair is not, in any way, to be held responsible for accidents, loss or damage by water, fire, theft or otherwise, whatever may be the cause or extent of the damage or loss.
4. Entries will be made according to classification.
5. Premiums, as listed, may be given for meritorious exhibits. In cases where there is no competition, judges may give an award such as they deem the exhibit is worthy to receive. The same rule applies where there are fewer entries in any class than the number of premiums offered. The Judges may, at their discretion, award a ribbon or rosette.

   The Fair reserves the RIGHT TO DETERMINE how many entries they will accept from an Exhibitor in the same class or, in the case of livestock, the same breed, and poultry, the same species.

   THE DECISION OF THE JUDGES SHALL BE FINAL IN ALL CASES except where mistakes, fraud, misrepresentation or collusion — not discovered at the time of the award - are proven. In such cases, the Superintendent, President, or Secretary of the Fair, or such referee as he/she may appoint, may make the decision. The case may be appealed to the Fair Management from whose decision there can be no appeal.

   All protests regarding judging must be made in writing and must plainly state the cause of the complaint or appeal. Such protests must be filed at the Fair Office within 24 hours of the occurrence.
6. It shall be the responsibility of the Exhibitor TO NAME PROPERLY THE ARTICLE OR BREED OF LIVESTOCK he/she is entering. Any exhibit improperly entered will be disqualified to receive a prize, but the Judges will mark the correct name on the entry tag so the same mistake in entering will not be made the second time.

   Every exhibit accepted for premiums must be given an entry tag which must be plainly marked. In cases of livestock, the breed name must be shown and in the case of poultry the species must be shown on cards that can be identified by viewers. Cards will be available at the Secretary's Office; the Exhibitor is responsible for securing, printing, and hanging cards. The award winners must be placed for show. Failure to comply with this regulation will result in forfeiture of premiums.
7. All entries must have been grown, produced, or made since the last Fair by the person whose name appears on the tag as Exhibitor.
8. Superintendents reserve the right to refuse any entry or bar from competition animals, vegetables, flowers, poultry, products, and manufactured articles of decidedly inferior quality and those not possessing sufficient merit to warrant recognition.

   (The Superintendent must notify Exhibitors of any exhibits that have wilted or become unfit. After having done this, the Superintendent may dispose of the exhibit.)
9. The Fair Management may, at any time, order the removal of any exhibit or part of exhibit in bad condition, and any article unfit to show may

be excluded. Food products cannot be polluted with any substances or chemicals that causes them to become poisonous and unfit to be used as food.

NO EXHIBIT MAY BE REMOVED AT ANY TIME BEFORE THE CLOSE OF THE FAIR EXCEPT BY CONSENT OF THE MANAGEMENT.

10. **The Superintendents and/or Show Committee have the authority to require the animals to be shown to be inspected by the Judge.**
11. During the judging, buildings (except livestock arenas) are to be closed to everyone except Fair Officials, Judges, and necessary attendants.

    DEPARTMENT SUPERINTENDENTS MAY ENTER EXHIBITS IN THEIR OWN DEPARTMENTS, but neither they nor any other Exhibitor may communicate with the Judges during the time of determining the awards, except to answer questions proposed by Judges.

    Any Exhibitor interfering with the Judges while making awards shall forfeit any premium for which she/he would otherwise have been entitled.
12. All livestock offered for premiums must have been the property of the owner for thirty (30) days or longer. (Livestock or poultry entered under a name other than the owner's shall be disqualified for premiums.)
13. No person shall be allowed in the ring while stock is being judged, except the Judge, Superintendents, necessary attendants, and Fair officials.
14. Should any animal awarded a prize be disqualified, the animals gaining the lower prizes shall move into the next higher position if, in the opinion of the Judges, the animals are worthy of such prizes.
15. Overfitting of cattle will be discriminated against. Any artificial means used to change the form or shape of the animal will disqualify the animal from competition.
16. When on exhibit in the ring, each animal must be under halter and under the control of the owner or the employee.
17. Joint ownership is considered to be as one owner in accordance with registration papers.
18. 4-H and F.F.A. livestock entries are **limited to Mercer County residents only. An exception will be made in allowing out-of-county youth to exhibit in the 4-H showmanship.**

    An exception will be made in allowing out-of-county youth exhibiting Polled Hereford animals to compete in 4-H and F.F.A. as members of the Northwestern PA Polled Hereford Association.

    An exception will be made in allowing Venango County youth exhibiting draft horses to compete in 4-H and F.F.A. as members of the Venango County Draft Horse Association.
19. No Exhibitor may receive more than two monetary awards in each class.
20. Wednesday, September 1st, will be devoted to the reception and arrangement of articles for exhibition. All articles entered for premiums must be placed in the hands of the Superintendent no later than Wednesday, September 1st, by 9:00 PM. Fine Arts & Rabbit exhibits must be in place by 8 PM on Tuesday, August 31st.
22. The Fair will provide a central sound system. Other sound equipment will not be allowed on the grounds without permission.
23. Vehicles and trailers can be parked in the barn area only for loading and unloading; then they must be moved promptly to designated areas.

24. All persons shall leave the Fairgrounds by midnight or within 30 minutes after the close of the last show for the day, whichever occurs later, except those persons assisting with the Fair or with exhibits or displays.
25. All campers on the Fairgrounds must be registered at the Fair Office upon entry to the Fairgrounds. Occupants must register at the office and pay a fee of $50.00 for 30 ft. & under--$75.00 for over 30 ft. plus $12 for each air conditioner, Tent $40.00. ALL CAMPERS WILL BE PARKED IN DESIGNATED AREAS. Restricted parking for tip-outs will require a double lot. No campers admitted before 10 AM on Sunday August 29, 2021, EXHIBITORS ONLY. An application form is included in each premium book.
26. The Fair and its officers or agents will not be responsible for any accident, loss, theft, or damage to persons, animals, vehicles or personal property which may occur.
27. Persons using alcohol or other controlled drugs or substances or engaged in disorderly behavior will be expelled from the grounds.
28. All delivery people and suppliers are requested to be off the midways by 11:00 AM each day of the Fair, and 10:00 AM on Labor Day
29. Buildings will be open from Thursday after judging has been completed, Friday thru Sunday 10:00 AM to 10:00 PM, Monday 9:00 AM to 10:00 PM.
30. NO PETS, leashed or unleashed, (except for Service Animals) will be permitted on the Fairgrounds.
31. Anyone found on Fair property after midnight without a wristband or proof of admittance will be escorted off the grounds.
32. An Exhibitor of items not requiring an entry fee must enter 10 items in order to be eligible to purchase two Exhibitor Wristbands.

ADVICE TO LIVESTOCK EXHIBITORS

1. **The deadline for entries is August 11, 2021. All Exhibitors** must make advance entries. Please mail entry forms to The Great Stoneboro Fair, P.O. Box 215, Stoneboro, PA 16153.
2. All entries must be on forms provided by the Stoneboro Fair. Entry forms can be obtained by writing to Cindy Philson, Secretary, @ P.O. Box 215, Stoneboro, PA 16153 or Phone 724-376-2852 or downloaded from the Great Stoneboro Fair website www.stoneborofair.info.
3. There is to be only ONE entry number per person; be sure you know your number when showing.
4. Upon your arrival with stock, the Superintendent of the Department where you are an Exhibitor will assign the stalls your stock will occupy. DO NOT take space unless it is assigned to you. DO NOT ALTER ANY STALLS WITHOUT THE APPROVAL OF THE SUPERINTENDENT.
5. If you need any information about the Department, go to the Superintendent. The Superintendents will be found at or near their respective Departments and will assist you.
6. Superintendents in charge of Departments have the right to prescribe dimensions and regulate positions of all signs and direct the arrangement of articles to secure harmony and make an attractive appearance.
7. DO NOT lock your stables and leave the immediate area. Visitors pay to see your stock, and you are expected to show it.
8. All Exhibitors are to display a farm or owner's sign to identify their breed or breeds of dairy and livestock and must fill out a stall card to identify each exhibit. Exhibitors are responsible for posting these cards. This is required by the Department of Agriculture.
9. **Labor Day is always crowded; however, livestock and dairy animals may be removed from the grounds after 7:00 PM on the last day of the Fair. Other exhibits may be removed at 8:00 PM.**
10. ALL CAMPERS AND RECREATIONAL VEHICLES MUST BE PARKED IN DESIGNATED AREAS.
11. **Absolutely NO raffles or games of chance are permitted in the barns.**

HEALTH RULES AND REGULATIONS

All animals admitted to the Fair shall be identified by a unique and permanent ear tag, tattoo, brand, or records of unique physical attributes. Animals known to be infected with or exposed to any contagious, infectious, or external parasitic disease, and animals restricted by quarantine may not be presented for show purposes.

All animals admitted to the Fair must comply with applicable state (7PA Code) or federal (9CFR) rules.

Animals presented for exhibition will be subject to inspection by show officials and will be rejected if evidence of infectious, contagious, or parasitic disease is apparent or if health certification or identification documentation is not acceptable.

All show animals should be held in isolation for at least 30 days after return to the herd of origin.

GUIDELINES FOR CARE OF ANIMALS

It is the responsibility of each Exhibitor to care for animals in a manner that is responsible and ethical. Following are some guidelines for the treatment of animals exhibited at the show.

1. **Restraining Animals**
   a. Animals should be tied or penned in a manner that will not hurt the animal or restrict its breathing in any way.
   b. Animals should be tied so that all four feet are firmly on the ground and they have enough room to stand comfortably and lie down.
   c. Animals should be tied so that they are not able to injure animals tied near them.
   d. Animals unaccustomed to each other should not be penned together.
2. **Handling** - Any type of rough handling which could harm the animal is prohibited. The use of whips, canes and show sticks should be restricted to showing only and then be used only to guide the animals, not punish them. Remember, animals will respond quicker and better to quiet, gentle handling, rather than loud, rough handling.
3. **Bedding** - All animals should have bedding that is dry and clean. Pens should be cleaned regularly to keep the animals clean and comfortable. If non-traditional bedding such as carpeting is used, it should be regularly cleaned (at least twice daily) to keep the pen free from manure.
4. **Feeding & Water** - Animals should be well-fed and have access to clean water regularly. Realizing that many market animals must have restricted amounts of feed to maintain the proper weight, animals must be fed adequate amounts of feed to meet the animal's basic requirements. Animals not allowed reasonable access to feed and water will be disqualified from the show.
5. **Transportation** - Animals should be transported in a way that is both safe and considerate of the animal's well-being.
6. **Blanket/Sweat Collars** - Any type of material such as blankets or sweat collars should be large enough to permit normal body functions such as breathing, eating, drinking, or lying down.
7. **Health** - It is the responsibility of the Exhibitors to provide proper health care for their animals through routine inspection and consultation with health care professionals. The improper or illegal use of drugs or antibiotics is prohibited. If medication is indicated, be sure to follow the label directions and allow more than the stated withdrawal time.

BIOSECURITY CHECKLIST FOR LIVESTOCK EXHIBITORS

☐ No visitors from a country that has animals infected with Foot and Mouth Disease have visited my farm within the previous 30 days.

☐ Certificates of veterinary inspection are current for all of the animals I will be taking to the Fair.

All equipment, such as buckets, pitchforks, shovels, rakes, wheelbarrows, manure baskets, lead ropes, halters, nose rings, snares, clippers, scissors, brushes, etc., has been cleaned and disinfected before entering the fairgrounds. (A solution of household bleach in water is recommended for disinfection purposes: add 2 gallons of bleach to 3 gallons of water for disinfecting equipment.)

☐ I have received a list of the recommended biosecurity precautions that I should follow after returning to the farm with the animals that were taken to the Fair.

☐ Any livestock showing signs of illness, including signs that suggest infection with Foot and Mouth Disease, will be reported immediately to the Livestock Superintendent of the Fair.

☐ Any questions about disease and biosecurity measures can be directed to the regional veterinarian or animal inspector, who will be visiting the Fairgrounds for daily inspections.

Pennsylvania Department of Agriculture regional veterinarians will be visiting each fair in Pennsylvania this season on a daily basis. They will be available to answer questions from Exhibitors and will be doing general inspections of the animals and animal facilities.

HEALTH REQUIREMENTS
RULES AND REGULATIONS

1. Check-In is Tuesday, August 31, 2021, from 6-9 PM. All equine animals must come through the main gate. No animal will be unloaded until the veterinarian or Superintendent has given the approval upon verifying the required paperwork. All animals are to remain on the premises until September 6, 2021, at 7:00 PM unless released by the Superintendent.
2. The Fair reserves the right to refuse any or all entries, and the right to order any Exhibitor to remove stock for failure to follow rules of the Department.
3. All animals entered must be shown in at least ONE HALTER CLASS and stabled on the grounds and must have met all health requirements.
4. Exhibitors must keep stalls and space they occupy in a clean and sanitary condition and must remove equipment promptly as the Superintendent may direct.
5. Stalls will be awarded based on registration date. There will NOT be a choice of stalls. Moving of stall tags by an Exhibitor may result in expulsion of Exhibitor without refund of entry fees.
6. Stall guards will be required on all stalls for the safety of horses and attendees.
7. If you wish to repair, rebuild, paint, or otherwise improve the condition of your stall, you must first have approval of the Superintendent and Director of Maintenance.
8. Exhibitors must post stall cards.
9. No grade stallions--exception stallion foals. No one UNDER 18 years of age is to handle a stallion.
10. Horses may be purebred or grade but must be shown in the appropriate class.
11. Equine animals are NOT permitted to enter the midway area at any time and must stay off the racetrack. All horses must be led to the exercise area. **Horses may not be exercised outside of the arena.**
12. The order of show will not necessarily correspond to the order of classes appearing in the premium book.
13. No class changes may be made after entry day. NOTE: The same entry number can NOT be in the same class/nor show ring at the same time NO EXCEPTIONS! ALSO: the same horse can NOT be shown in the same class by two different people. NO EXCEPTIONS!!!
14. The Judge's decision is final on ALL shows including 5 minute time limit on gate call.
15. If the number of entries does not warrant all listed classes, classes may be combined, (except champion classes).
16. All 4-H and FFA members' animals must be entered and shown in the 4-H and FFA members' names. All 4-H and FFA youth will stay in the ring at the close of the class for awards.
17. Youth drivers must be accompanied by an adult for safety reasons. All youths 10 years of age and under handling equine animals, must be accompanied by an adult at all times outside of the show ring.
18. All youths (18 and under) must wear an approved helmet, long pants, and hard-soled shoes.
19. Adults must wear hard-soled shoes; no bare feet or open shoes will be permitted. Adults are permitted to help with handlers who are younger than eight years of age.

20. The Judge or Show Management shall have the authority to dismiss any entry from the ring if the entry is not under sufficient control.

IT IS THE RESPONSIBILITY OF THE EXHIBITOR TO HAVE HIMSELF OR HERSELF READY AT THE PROPER TIME AND PLACE FOR JUDGING. CLASSES WILL NOT BE HELD UP FOR LATE ARRIVALS TO THE SHOW RING.

HEALTH REQUIREMENTS FOR CATTLE

All animal entries are required to meet the 2021 Pennsylvania Department of Agriculture Animal Health Requirements and Recommendations for Animals for Exhibition as listed in the back of this premium book. BOTH "requirements" AND "recommendations" listed are required for the Great Stoneboro Fair.

Foot and Mouth Disease (FMD)

Foot and Mouth Disease (FMD) is an extremely contagious viral disease that affects cloven-hooved animals, especially domestic cattle, pigs, sheep, and goats. FMD is rarely fatal to infected adult animals, but causes pain and suffering to those animals, which leads to a severe drop in production. The disease can be devastating to the economy of an infected state and country.

The first signs of FMD in animals which are usually noticed:

Lameness
Decreased feed intake
Both are a result of pain from the blisters and sores caused by the virus.

Infection with FMD causes:

Blisters, Fever, Excessive Salivation, Abortions, Decreased Milk Production, Weight Loss

Disinfection

The virus that causes FMD can be inactivated by several disinfectants, including household bleach. It can be killed by extremes in PH (below ph6 and above ph1) by sunlight, and high temperatures, although the virus has been shown to survive single pasteurization at 161.6 degrees F (15 seconds). It can survive in the environment at freezing temperatures: It can survive in the soil for almost a month in cool weather; about three days during the sunny, summer months. It may even live in stored hay for up to four to five months in cool, dry conditions.

Transmission of Foot and Mouth Disease

Although Foot and Mouth Disease does not pose a serious risk to human health, humans can act as vectors for the virus and can spread infection among animals or between farms. Methods of transmission of FMD include:

Droplets: Direct contact with clinically ill, recovered (carrier) animals, or exposed vaccinated animals: Virus particles can be found in body fluids, including urine, feces, saliva, semen, and milk, and also in exhaled breath.

People: The FMD virus can survive in the lungs and nasal passages of humans for several days, and in the tonsils for several weeks. Virus particles are released and can infect susceptible animals when the person exhales.

Clothing: Virus particles can survive on contaminated clothing (the FMD virus can survive for several weeks on clothes and shoes, especially if these articles are dirty).

Other animals: Movement of pets or other animals through an infected area can spread the virus.

Food Products: Contaminated meat and cheese products can spread the virus.

Air: Airborne virus particles might be carried in air currents for up to 40 miles.

DEPARTMENT 2 - DAIRY CATTLE

Superintendent Don Jones (724) 372-0165
Assistant Superintendents Kevin Minor & Bobby Minor, Eric Ligo
Entry Fee to be Paid at Time of Entry - $2.00 per cow in Open Shows

All animal entries are required to meet the 2021 Pennsylvania Department of Agriculture Animal Health Requirements and Recommendations for Animals for Exhibition as listed in the back of this premium book. BOTH "requirements" AND "recommendations" listed are required for the Great Stoneboro Fair.

DUE TO LIMITED SPACE, MAKE YOUR ENTRIES EARLY.

1. Exhibitors will be expected to display or parade their animals as directed by the Superintendent: (a) to accept the stall assigned without controversy, (b) to keep their animals in an attractive appearance, and (c) to cooperate with the Department in every way that may serve to increase the educational value of the show.
2. It is the responsibility of the Exhibitors of livestock to know when their stock will be judged. Stock must be in the ring promptly on call, and a failure to comply with the order renders Exhibitors liable to be ruled out of competing. Decorations with ribbons or ornaments previously won by animals at shows will be prohibited until after the awards have been made in their respective classes by the Judge.
3. Exhibitors must have all animals listed for competition on the grounds not later than September 1 @ 5:00 PM. All such animals are to remain on the premises until Labor Day, 7:00 PM, unless released by the Superintendent.
4. The Exhibitors will be expected to keep the space they occupy in a clean and sanitary condition and to remove all their equipment promptly as the Superintendent may direct.
5. Dairy cattle will be shown on Friday, beginning at 8:30 AM in the following order: Ayrshire, Brown Swiss, Guernsey, Milking Shorthorn, Holstein, Jersey. Each breed will start with JR 2 year-olds, then show all cows in order; heifers will follow again in order. At the conclusion of All Breeds showing, the Champions from each breed will compete for Supreme Cow and Supreme Jr. of the show.
6. All 4-H and F.F.A. animals will remain in the ring after each open class is judged for the awarding of prizes in the area of YOUTH CONTESTS. All animals must be entered in the Exhibitor's name and be shown by a YOUTH.
7. Exhibitors must fill out and display stall cards for each animal. Secure cards from the Secretary at the time of checking entries. Cards must be displayed prior to showing.
8. Have registration papers with you. Some classes will be spot-checked.
9. All 4-H Showmanship will be held on Friday after the type classes are concluded. Participants do not have to wear whites; however, appropriate attire (jeans, plain t-shirt) and boots are required. If 4-H premiums are being collected, it is mandatory for 4-H Exhibitors to show in showmanship competition directly after the type show. Exceptions may only be made by the Dairy Superintendent. Prior to the show on Thursday evening from 6-8 PM, Exhibitors will be given the opportunity to make any changes or corrections to their entries. Minimal changes will be made during the show.

MILKING CENTER REGULATIONS

The facilities and equipment at the "Milking Center" are provided for the exclusive use of the Exhibitors of milking dairy cows and are to be used for milking only. There shall be NO clipping or washing of cattle or any other livestock, other than udder washing as a preparation for milking. The Milking Center washing equipment and water shall not be used for any other purpose. No milk from animals being treated with antibiotics shall be introduced into the milking system.

Any person entering a milking cow at the Fair, by his/her entry, gives the Dairy Superintendent or designee the authorization to sample milk from that cow periodically for the purpose of antibiotic testing.

All milk from the milking center will be sold to a milk handler selected by the Dairy Superintendent with payment made to dairy cattle Exhibitors. This is subject to being able to getting it sold.

The milking center will be open for use between the hours of 7:00 AM to 9:00 AM, and 7:00 PM to 9:00 PM each day of the Fair with the exception of the evening prior to the show and show day when off-hour milking is necessary for show preparation.

The Dairy Parlor Superintendent shall establish additional rules as he/she may deem necessary and such rules will be posted at the Milking Center.

DEPARTMENT 8 - POULTRY

Department Head: Tom Schaffer Ph. (724) 376-3186

In Memory of: Tom McCullough

To ensure a cage reservation, entries MUST be in by August 11, 2021. Sawdust will be furnished by the Fair Association. Feed to be furnished by the Fair Association, donated by McCartney's Feed Mill, Fredonia, PA, Sandy Lake Mills, Sandy Lake, PA, and Tractor Supply, Greenville, PA.

Since all birds returned from the show are potential sources of infection to other birds, they should be isolated immediately after their return, separate and apart from other birds. This isolation should be maintained indefinitely, if possible, or at least until it has been established that the birds are not carriers of disease producing agents. This may be determined by exposure of a few susceptible birds in direct contact with them.

NOTE: *Health certificate forms may be secured from the Department of Agriculture, Bureau of Animal Industry. All birds entered for exhibition shall be free of external parasites (lice, mites, etc.).*

**** Avian Flu might necessitate cancellation of Poultry Exhibit.***

RULES

1. There will be **$.50** entry fee on each entry and must accompany the entry blank.
2. Exhibits shall be open to Crawford, Mercer, Butler, Lawrence, and Venango counties. Then if space permits, additional entries from other counties will be accepted on a "first-come-first-serve basis." When cooping capacity has been reached, the remaining entries will be returned. Entries are limited to 75 birds per family in Mercer County, and other counties 50 birds per family.
3. All birds being judged for prize money must be pure breed, with the exception of Capons.
4. All poultry must be owned by Exhibitor for a minimum of 30 days prior to the Fair.
5. A class will be provided for all breeds of Chickens, Bantams, Ducks, Geese, and Guinea Fowl as shown on the breed classification list.
6. Birds will be judged according to the American Standard of Perfection and due consideration will be given to the utility qualities, especially to those varieties that are generally used for commercial purposes.
7. The cage capacity for the Poultry Department is 500 entries.
8. Any bird entered in incorrect class will be disqualified.
9. Entries limited to 2 birds in each class per Exhibitor.
10. All 4-H members entering poultry must follow all rules and can receive 4-H and open premiums.

.

Superintendent: Zoe Pizor (724) 856-2059
Assistant: Amy Darney (724) 967-5135

The Rabbit Show is September 1, 2021. Entry deadline is August 11, 2021. Cage space is limited and will be assigned in the order the entries are received. No Exhibitor can enter more than 15 Rabbits. Additional entries will be accepted after August 20th if cage space is available. All Rabbits entered must be housed. All Rabbits entered must be shown. The Stoneboro Fair reserves the right to refuse entries without cause.

Rabbit Exhibit and Show Rules

1. This is an Open Sanctioned A.R.B.A. Show.
2. The Rabbit Show will be governed by the most current A.R.B.A. Standards.
3. All Stoneboro Fair Rules and Regulations will be followed.
4. The Stoneboro Fair is not responsible for fire, theft, or accidents.
5. The Stoneboro Fair reserves the right to substitute Judges.
6. No class will be re-judged. The Judge's decision is final.
7. All Rabbits MUST have a permanent left ear tattoo #.
8. Diseased or Sick Rabbits will be refused entry and/or removed from the Rabbit Exhibit.
9. All Rabbits will be visually health-checked upon admittance.
10. Please include Breed, Class, Section # (Group/Variety), Sex, and Ear # on entry form. NO RABBIT CAN BE SUBSTITUTED FOR ANOTHER RABBIT ON ENTRY DAY.
11. All Rabbits must remain on display until 7:00 PM the last day of the Fair and removed by 9:00 PM.
12. All Rabbits entered must be housed and shown.
13. Exhibitors may ONLY place or remove THEIR OWN Rabbits from the show table during the show. RUNNERS will place and remove the REMAINING Rabbits from the show table.
14. All Rabbits must be entered Tuesday, August 31, 2021 between 12:00 Noon and 7:00 PM.
15. ALL SCRATCHES MUST BE MADE TO ZOE PIZOR BY PHONE: (724) 856-2059 by Monday, August 30, 2021. Thank You.

DEPARTMENT 13
VEGETABLES

ALL Exhibitors **MUST** provide their **OWN PLATES** for Exhibition in **EACH** category.

RULES AND REGULATIONS GOVERNING VEGETABLES

1. In selecting vegetables for exhibition, choose such specimens that would bring the highest market price. Do not select the largest; select medium size specimens. If at all possible, do not mix varieties.
2. The following factors are generally used by an expert vegetable judge:
   a. Trueness to variety type. If at all possible, pick the specimens from one variety.
   b. Uniformity in size, shape and color.
   c. Be sure to pick out a perfect specimen, then select the other as similar to it as possible. Never mix specimens of different maturity.
   d. Protect from dirt, disease, infection, and mechanical damage. Select specimens that are perfect and show no blemishes of any kind.
   e. Condition and maturity. Be sure that exhibits are of high quality.
   f. Potatoes should not be washed. Remove soil using a soft cloth or brush.
   g. Tomatoes should have stems removed. Carrots, beets, etc. should have tops (leaves) removed leaving about two inches of stems.

DEPARTMENT 22
SPECIAL CONTESTS

SECTION 301
Miscellaneous Contests

1. Blue Ribbon Apple Pie Contest - 31st Annual
1st - $15.00 2nd - $10.00 3rd - $5.00

BLUE RIBBON APPLE PIE CONTEST

RULES for local fair and the Farm Show contests are as follows:

1. Open to any individual who is a Pennsylvania resident; only one entry per person.
2. **Entrants may NOT have won 1st place in this Blue Ribbon Apple Pie contest at any other fair in 2021.**
3. Entry to be a pie that must include at least 60% apples in the filling. It does not need to be a"traditional" two crusted apple pie, and it can have a variety of fillings.
4. The entire pie must be submitted for judging in a disposable pie pan. (All pans, plates, dishes are considered to be disposable and will not be returned.)
5. The recipe for the pie and pie crust must be submitted with the entry. It should be submitted on one side of 8 1/2" by 11" paper. The recipe must list all the ingredients, quantities and the preparation instructions. Entrant's name, address and phone number must be printed on the back side of all the pages. (All recipes and pies will become the property of the Fair or PA Farm Show and will not be returned.)
6. Refrigeration is not available at the Fair or PA Farm Show. Entries that require refrigeration after baking must indicate so in the recipe. Those entries will not be sold, auctioned or otherwise distributed for consumption after judging for food safety reasons.
7. Judging will be based on the following criteria:

Flavor	30 points
Filling: consistency, doneness, moistness & flavor	25 points
Crust: color, flavor, texture doneness	20 points
Overall Appearance	15 points
Creativity	10 points
TOTAL	100 points

NOTES:

Creativity is essential to a varied competition. Do not limit your contest to a "traditional" two-crusted apple pie. We are looking for a variety of fillings in the pies; the pie must include at least 60% apples in the filling. The recipe for the pie and pie crust will also need to be submitted when entering at the Pennsylvania Farm Show.

Each fair must sign a Certification Entry Form verifying the winning apple pie baker, and this person will be eligible to enter the state competition at the 2022 Farm Show.

NOTE; If an individual has already won 1st place at another fair in 2021 for this Blue Ribbon Apple Pie contest, that individual is now considered qualified through that Fair to compete at the 2022 PA Farm Show and is no longer eligible to enter this contest at any upcoming Fairs.

Premiums for the 2022 PA FARM SHOW competition will be as follows:

First Place	**$500.00**	**Fourth Place**	**Ribbon**
Second Place	**$250.00**	**Fifth Place**	**Ribbon**
Third Place	**$100.00**		
Fourth Place	**Rosette Ribbon**		
Fifth Place	**Rosette Ribbon**		

At the PA FARM SHOW level, this contest is sponsored by:
The Pennsylvania State Association of County Fairs.

2021 PA PREFERRED JUNIOR BAKING CONTEST
COOKIES, BROWNIES & BARS

The goal of the PA Preferred— Baking Contest is to encourage young people across the Commonwealth to participate in Pennsylvania's agricultural fairs by showcasing Pennsylvania grown and produced products in their contest entries.

RULES:

1. Participant must be an individual amateur baker (ages 8 through 18) who is a Pennsylvania resident. One entry per person.
2. **Entrants may NOT have won 1st place in this PA Preferred™ Junior Baking contest at any other fair in 2021**.
3. Entry must be a plate of **six (6) individual sized portions** of the baked entry item.
4. Entries must be made from scratch. Premade mixes are not acceptable ingredients. **All ingredients and decorations must be edible.**
5. At least two (2) PA Preferred TM ingredients must be used in the recipe. Some examples of qualifying ingredients are PA Preferred™ grains (such as oats or flour), butter, milk, eggs, fruits and/or vegetables.
6, Entry must be submitted for judging **on a food safe disposable setting**. (All pans, plates and dishes are considered to be disposable and will not be returned)
7. Recipe(s) must be submitted with the entry, printed on one side of 8-1/2" x 11" paper. Recipe must list all ingredients, quantities, and the preparation instructions. The PA Preferred™ ingredients must be listed clearly in the ingredient list, specifying the ingredient and the company that made/grew them (ex: PA Preferred™ Milk - Galliker's brand). Entrant's name, age, address and phone number must be printed on the back side of all the pages. (All recipes and cookies-brownies-bars will become the property of the Fair or PA Farm Show and will not be returned.)
8. **A PA Preferred TM logo is not required** because not all PA Preferred TM products carry the label. The name of the ingredient and the source is sufficient. For a list of acceptable products visit papreferred.com. Additionally, PA Preferred TM staff will assist in locating PA Preferred™ ingredients, as needed.
9. Refrigeration is not available at the fair or PA Farm Show. Entries that require refrigeration after baking must indicate so in the recipe. Those entries will not be sold, auctioned or otherwise distributed for consumption after judging for food safety reasons,
10. Judging Criteria:

Flavor (aroma, taste, good balance of flavorings)	30 points
Texture (appropriate for the type of cookie, brownie or bar)	25 points
Inside Characteristics (even grain, evenly baked; free from air pockets)	20 points
Outside Characteristics (uniform size, shape, appearance; overall appeal)	15 points
Creativity	10 points
	TOTAL 100 points

FAIR PREMIUMS: 1st = $20 2ND = $15 3RD = $10

First Place Winner is eligible for the 2022 PA Farm Show competition,

SECTION 304

ANGEL FOOD CAKE CONTEST RULES

1. Open to any individual amateur baker who is a Pennsylvania resident. One entry per person.

2. **Entrants may NOT have won 1st place in this Angel Food Cake contest at any other fair in 2021**.

3. Entry must be **an Angel Food Cake** made from "scratch." **All ingredients and decorations must be edible.**

4. **Pennsylvania produced & packed eggs** are requested to be used if at all possible. Please look for the PEQAP or PA Preferred logo or PA packaging dates on the carton.

5. Refrigeration is NOT available at the Fair or PA Farm Show. Entries that require refrigeration after baking must indicate so in the recipe. Those entries will not be sold, auctioned or otherwise distributed for consumption after judging for food safety reasons.

6. The entire cake entry must be submitted for judging **on cardboard or other food safe disposable setting.** (All pans, plates and dishes are considered to be disposable and will not be returned.)

7. Recipe(s) listing the ingredients and the preparation instructions must be submitted with the entry (printed on one-side of 8-1/2" x 11" size paper). Entrant's name, address and phone # must be printed on the back of all the pages. (All recipes and cakes will become the property of the Fair or PA Farm Show and will not be returned.)
8. Judging will be based on the following criteria:

Flavor (smell, taste, flavoring)	30 points
Inside Characteristics (texture & lightness)	25 points
Overall Appearance (surface, size, color)	20 points
Creativity	15 points
Topping, Icing or Decoration	10 points

2021
PENNSYLVANIA DEPARTMENT OF AGRICULTURE

ANIMAL HEALTH REQUIREMENTS AND RECOMMENDATIONS FOR ANIMALS FOR EXHIBITION, INCLUDING COMMERCIAL EXHIBITION

Section 1: Pennsylvania Camelids

Requirements:

PDA has no specific requirements for Pennsylvania camelids at fairs. However, fair management has the authority to impose requirements designed to prevent the spread of contagious diseases.

Recommendations:

1. A Certificate of Veterinary Inspection (CVI) issued after May 1, 2021.

2. All animals must be free of evidence of infectious and contagious diseases and a statement of this should be written on the CVI.

3. Individual official identification (ID). Official ID will have a US shield and includes:

    - A United States Department of Agriculture (USDA)-issued National Uniform Ear tagging System (NUES) tag; or
    - A 15-digit Animal Identification Number ear tag starting with "840"; or
    - An electronic implant device (the exhibitor must supply a reader); or
    - Other official identification approved by USDA (brands and breed registrations with tattoos are not acceptable); or
    - For animals without any of the ID options listed in number 3 above…on the PA Department of Agriculture CVI (Form AAI-113 Rev. 7/18) accredited veterinarians simply need to:

        - Check "OTHER" and write "Camelid" in box number 5;
        - Write the animal's color in box number 14;
        - Record gender in box number 16;
        - Record age in box number 17; and
        - Record either "llama" or "alpaca" in box number 15

        *In addition, veterinarians are encouraged to write down any distinguishing markings that are present on the animal or include a photo to accompany the CVI. Questions regarding proper identification for camelids on CVIs for Pennsylvania fairs can be directed to PDA at 717-783-6851.

Section 2: Out of State Camelids

Requirements:

1. A Certificate of Veterinary Inspection (CVI) issued within the 30 days prior to the date of importation.

2. Vesicular Stomatitis (VS): This applies to camelids entering Pennsylvania from states that experienced a Vesicular Stomatitis outbreak in the last 12 months. In these cases an accredited veterinarian shall determine whether the animals are free from VS, and animals shall be accompanied by a CVI with the following statement signed by the accredited veterinarian: "All animals identified on this CVI have been examined and found to be free from VS. During the past 90 days, these animals have neither been exposed to VS nor located within 10 miles of a site where VS has been diagnosed."

3. All animals must be free of evidence of infectious and contagious diseases and a statement of this is required on the CVI.

4. Identification required: A person may not import camelids unless each animal is individually identified by a unique ear tag issued or approved by the state or country of origin, by a permanent tag or unique mark (tattoo) approved by the Department or by some other device or means of identification (microchip) approved by the Department. Questions regarding proper identification for camelids imported into Pennsylvania can be directed to the Department by calling 717-783-6851.

5. Tuberculosis Testing Requirements:

    - No test is required for animals originating from states or zones designated as accredited free by the USDA.
    - All animals originating from states or zones designated modified accredited advanced by the USDA must be test negative within the 60 days prior to the date of importation. The negative test results and dates of tests must be included on the CVI or the animal must be accompanied by a negative test report (a copy of the original report is acceptable).
    - All animals originating from states or zones designated modified accredited by the USDA must originate from herds in which all animals 12 months of age and older are test negative within the 12 months prior to the date of importation and the individual animals (all ages) to be imported are also test negative within the 60 days prior to the date of importation and at least 60 days after the negative whole herd test was completed. The negative test results and date of test must be included on the CVI or the animal must be accompanied by a negative test report (a copy of the original test report is acceptable).

Recommendations:

All out of state camelids must meet all criteria listed above as “requirements”. PDA has no additional recommendations to prevent the introduction of contagious disease from out of state camelids.

Section 3: Pennsylvania Cattle

Requirements:

1. Cattle shall be identified by an official ear tag or other unique identification device approved by PDA. Official identification includes:
    - A USDA-issued National Uniform Ear tagging System (NUES) ear tag having a US shield US; or
    - A 15 digit Animal Identification Number (AIN) ear tag starting with “840” and having a US shield US; or
    - Other identification approved by the PDA (brands and breed registrations with tattoos are not acceptable).

Recommendations:

1. Certificate of Veterinary Inspection (CVI) issued after May 1, 2021.

2. All animals must be free of evidence of infectious and contagious diseases and a statement of this should be written on the CVI.

3. A current rabies vaccination administered by a licensed veterinarian for animals 3 months of age and older (observe appropriate slaughter withdraw time).

4. Rodeo: It is recommended that rodeo cattle of all ages be negative on an official tuberculin test within 60 days prior to the start of the fair unless they are members of and originate from an accredited tuberculosis-free herd. The cattle can be accompanied by the negative test report or the tuberculosis test results can be recorded by the veterinarian on a CVI.

Section 4: Out of State Cattle

Requirements:

1. Federal regulations (USDA) require a Certificate of Veterinary Inspection (CVI) issued within the 30 days prior to the date of importation.

2. Vesicular Stomatitis (VS): This applies to cattle entering Pennsylvania from states that experienced a Vesicular Stomatitis outbreak in the last 12 months. In these cases an accredited veterinarian shall determine whether the animals are free from VS, and animals shall be accompanied by a CVI with the following statement signed by the accredited veterinarian: "All animals identified on this CVI have been examined and found to be free from VS. During the past 90 days, these animals have neither been exposed to VS nor were located within 10 miles of a site where VS has been diagnosed."

3. All animals must be free of evidence of infectious and contagious diseases and a statement of this is required on the CVI.

4. Federal regulation (USDA) requires individual official animal identification. Official ID will have a US shield US and includes:

    - A USDA-issued National Uniform Eartagging System (NUES) tag; or
    - A 15-digit Animal Identification Number (AIN) ear tag starting with "840"; or
    - Other official identification approved by USDA. (brands and breed registrations with tattoos are not acceptable).

5. Tuberculosis testing requirements:

    - No test is required for animals originating from states or zones designated as accredited free by the USDA.
    - All animals originating from states or zones designated modified accredited advanced by the USDA must be test negative within the 60 days prior to the date of importation. The negative test results and dates of tests must be included on the CVI or the animal must be accompanied by a negative test report (a copy of the original report is acceptable).
    - All animals originating from states or zones designated modified accredited by the USDA must originate from herds in which all animals 12 months of age and older are test negative within the 12 months prior to the date of importation and the individual animals (all ages) to be imported are also test negative within the 60 days prior to the date of importation and at least 60 days after the negative whole herd test was completed. The negative test results and date of test must be included on the CVI or the animal must be accompanied by a negative test report (a copy of the original test report is acceptable).
    - **Special Tuberculosis Test requirement for Rodeo Cattle**
      All rodeo cattle and bison from out of state must be negative on an official tuberculosis test within 60 days prior to entering Pennsylvania unless they originate from and are members of an Accredited Tuberculosis-free herd within an accredited Tuberculosis-free state or zone. This requirement for rodeo cattle from out of state is in addition to all other requirements listed above for out of state cattle.

Recommendations:

1. A current rabies vaccination administered by a licensed veterinarian is recommended for animals 3 months of age and older (observe appropriate slaughter withdraw time).

Section 5. Pennsylvania Cervids

Chronic Wasting Disease (CWD) program participants: Contact the Department (717-772-2852 or 717-783-5309) for specific requirements for exhibition of CWD-susceptible cervids to remain in compliance with CWD programs.

Requirements:

1. Individual official animal identification is required. Official ID includes:
   - A legible and unique tattoo approved by the PDA or USDA;
   - A USDA-issued ear tag bearing a unique number provided by USDA that utilizes one of the following numbering systems:
   - The National Uniform Ear tagging System (NUES); or
   - The Animal Identification Number (AIN) ear tag bearing 15 digits starting with "840"; or
   - The premises-based numbering system using a Premises Identification Number (PIN) in conjunction with a livestock production numbering system; or
   - An electronic implant device, such as a microchip that utilizes a nationally unique 15-digit animal identification number starting with "840" provided an appropriate reader is immediately available wherever the animal is located.

Recommendations:

1. A Certificate of Veterinary Inspection issued after May 1, 2021.

2. All animals must be free of evidence of infectious and contagious diseases and a statement of this should be written on the CVI.

3. Fair management is requested to provide contact information of owners of all cervids which are exhibited to Mary Martin at the Department within 7 days of the last day of the exhibition (717-783-5309 or marymartin@pa.gov).

Section 6: Out of State Cervids

Requirements:

1. All CWD-susceptible cervid species: A written importation permit is required from the Pennsylvania Department of Agriculture. Call Mary Martin at 717-783-5309 between 8 AM and 4 PM weekdays. Call for a permit at least 30 days in advance.

2. A Certificate of Veterinary Inspection (CVI) issued within the 30 days prior to the date of importation. The CVI shall confirm that the cervid originates from a herd that has been classified as "Certified" in a government-administered CWD herd certification program with components as determined by 9 CFR Part 55.24.

3. Vesicular Stomatitis (VS): This applies to cervids entering Pennsylvania from states that experienced a Vesicular Stomatitis outbreak in the last 12 months. In these cases an accredited veterinarian shall determine whether the animals are free from VS, and animals shall be accompanied by a CVI with the following statement signed by the accredited veterinarian: "All animals identified on this CVI have been examined and found to be free from VS. During the past 90 days, these animals have neither been exposed to VS nor located within 10 miles of a site where VS has been diagnosed."

4. All animals must be free of evidence of infectious and contagious diseases and a statement of this is required on the CVI.

5. Two forms of individual ID are required for CWD-susceptible species (including blacktail deer, elk, moose, mule deer, red deer, reindeer, sika deer, whitetail deer, and hybrids). One form of identification listed below is required as official animal identification. The second device may be either a second form of official animal identification or a form of individual animal identification which is unique to that animal within the herd and which is linked to the CWD database. Non CWD-susceptible species require only the official form of identification; a second form is not required. Consultation with PDA on currently acceptable forms of identification is strongly recommended when anticipating importation of cervids. Official ID includes:

- A legible and unique tattoo approved by the Department and USDA; or,
- A USDA-issued ear tag, bearing a unique number provided by USDA that utilizes one of the following numbering systems:
  - The National Uniform Eartagging System (NUES); or
  - The Animal Identification Number (AIN) ear tag bearing 15 digits starting with "840"; or
  - The premises-based numbering system using a Premises Identification Number (PIN) in conjunction with a livestock production numbering system; or
  - An electronic implant device, such as a microchip that utilizes a nationally unique 15-digit animal identification number starting with "840" provided an appropriate reader is immediately available wherever the animal is located.

6. Brucellosis testing requirements:

   - All sexually intact cervids 12 months of age and older are test-eligible.
   - If the animal is from a brucellosis certified-free herd, no further testing is required. The date of the most recent herd test and test results must be included on the CVI.
   - If the animal is from a brucellosis monitored herd, it must be brucellosis test negative within the 90 days prior to the date of importation. The date of the test and the test results must be included on the CVI or the animal must be accompanied by the laboratory test report (a copy of the test report is acceptable).
   - If the animal is from a herd with no brucellosis status, it must be brucellosis test negative within the 30 days prior to the date of importation. The date of the test and the test results must be included on the CVI or the animal must be accompanied by the laboratory test report (a copy of the test report is acceptable).

7. Tuberculosis testing requirements:

   - Cervids of all ages are test-eligible.
   - If the animal is from a tuberculosis accredited herd, no further testing is required. The date of the most recent herd test and test results must be included on the CVI.
   - If the animal is from a tuberculosis monitored or Qualified Herd, it must be tuberculosis test negative within the 90 days prior to the date of importation. The date of the test and test results must be included on the CVI or the animal must be accompanied by a negative test report (a copy of the original test report is acceptable).
   - If the animal is from a herd with no tuberculosis status, it must be test negative on two consecutive tuberculosis tests conducted at least 90 days apart, with the last test conducted within the 90 days prior to the date of importation. The date of the tests and test results must be included on the CVI or the animal must be accompanied by the negative test reports (copies of the test reports are acceptable).

8. All cervids: Fair management is requested to provide contact information of owners of all cervids which are exhibited to Mary Martin at the Department within 7 days of the last day of the exhibition (717-783-5309 or marymartin@pa.gov).

Recommendations:

All out of state cervids must meet all criteria listed above as "requirements". PDA has no additional recommendations to prevent the introduction of contagious disease from out of state cervids.

Section 7: Pennsylvania Dogs

Requirements:

1. Proof of a current rabies vaccination is required for all exhibition dogs 12 weeks of age and older.

Recommendations:

1. All rabies-vaccinated dogs should be accompanied by a rabies vaccination certificate. The certificate must contain legible name, contact information, and signature of the veterinarian who administered the vaccine. A copy of the rabies vaccination certificate is acceptable.

2. All animals are free of evidence of infectious and contagious diseases.

Section 8: Out of State Dogs

Requirements:

1. Proof of a current rabies vaccination is required for all exhibition dogs 12 weeks of age and older.

2. A Certificate of Veterinary Inspection (CVI) written within 30 days of importation. Exemption: a person may bring one or more dogs into Pennsylvania for show or other demonstration without a CVI for a period not to exceed 30 days provided that each dog is equipped with a collar bearing a name plate giving the name and address of the owner.

Recommendations:

1. All rabies vaccinated dogs should be accompanied by a rabies vaccination certificate. The certificate must contain legible name, contact information and signature of the veterinarian who administered the vaccine. A copy of the rabies vaccination certificate is acceptable.

2. All animals are free of evidence of infectious and contagious diseases.

Section 9: Pennsylvania Equine Animals

Requirements:

The Department of Agriculture has no specific requirements for Pennsylvania equines at fairs. However, fair management has the authority to impose requirements designed to prevent the spread of contagious diseases.

Recommendations:

1. A Certificate of Veterinary Inspection (CVI) issued after May 1, 2021.

2. All animals must be free of evidence of infectious and contagious diseases and a statement of this should be written on the CVI.

3. It is recommended that all equine animals be test negative for Equine Infectious Anemia (EIA) by an official test within the 12 months prior to the opening date of the exhibition. Laboratory test results should accompany each animal to its final destination (a copy of the original lab report is acceptable). The CVI shall specify the date of sample collection and EIA test results. Foals less than six months of age accompanied by a test-negative dam are exempt from EIA testing requirements. If the foal is not accompanied by the dam, a copy of the dam's test results must accompany the foal to its final destination.

4. A current rabies vaccination administered by a licensed veterinarian for animals 3 months of age and older.

Section 10: Out of State Equine Animals

Requirements:

1. A Certificate of Veterinary Inspection (CVI) issued within the 30 days prior to the date of importation.

2. Vesicular Stomatitis (VS) statement: This applies to horses entering Pennsylvania from states that experienced a Vesicular Stomatitis outbreak in the last 12 months. In these cases an accredited veterinarian shall determine whether the animals are free from VS, and animals shall be accompanied by a CVI with the following statement signed by the accredited veterinarian: "All animals identified on this CVI have been examined and found to be free from VS. During the past 90 days, these animals were not located within 10 miles of a site where VS has been diagnosed."

3. All animals must be free of evidence of infectious and contagious diseases and a statement of this is required on the CVI.

4. All equine animals must be test negative for Equine Infectious Anemia (EIA) by an official test within the 12 months prior to the date of importation. Laboratory test results must accompany each animal to its final destination (a copy of the original lab report is acceptable). The CVI shall specify the date of sample collection and EIA test results. Foals under six months of age accompanied by a dam with negative EIA official test results are exempt from EIA testing requirements. If the foal is not accompanied by the dam, a copy of the dam's test results must accompany the foal to its final destination.

5. If an equine animal has resided in Texas or New Mexico for a cumulative total of 30 days or more within the six months preceding the date of entry into the Commonwealth, that animal must be test-negative for *Babesia caballi* and *Theilleria equi* on a competitive enzyme-linked immunosorbent assay (c-ELISA) test, or a Department-approved equivalent test, with the test occurring within the 30 days preceding entry into Pennsylvania. The date of test and the test results shall be written on the Certificate of Veterinary Inspection.

Recommendations:

1. A current rabies vaccination administered by a licensed veterinarian for animals 3 months of age and older.

Section 11: Pennsylvania Goats

Requirements:

1. Individual official animal identification is required for all goats. Official ID includes:

   - A USDA ear tag with a US shield US; or
   - A legible tattoo with herd and individual identification recognized in an approved USDA Scrapie database a.k.a. scrapie tattoo (flock ID in the right ear--state postal code and letters/numbers--and individual animal ID in the left ear); or
   - A breed registration tattoo if the animal is accompanied by a registration certificate and the tattoo is legible.

2. For post-exhibition sales the following requirements apply:

   a. Market goats must be documented on sales slips which contain the following information:

- Official identification (as described above)
- Sale date
- Sale location
- Name, address and phone number of the exhibitor
- Hauler contact information
- Destination name and contact information
- Total number of animals in the shipment
- Type of goat (i.e. meat, dairy, specific breed)
- Signature of consignee, agent, or hauler
    - Those slips must follow the goat to their final destination (including slaughter facilities)

b. Goats which are purchased with the intent of breeding and are traveling via interstate movement must have a Certificate of Veterinary Inspection (ICVI) prior to movement to the destination state.

c. A copy of the sale records slips and a copy of any ICVIs (in b. above) must be kept for 5 years.

Recommendations:

1. A Certificate of Veterinary Inspection (CVI) issued after May 1, 2021.
2. All animals must be free of evidence of infectious and contagious diseases and a statement of this should be written on the CVI.

Section 12: Out of State Goats

Requirements:

1. A Certificate of Veterinary Inspection (CVI) issued within the 30 days prior to the date of importation.
2. Vesicular Stomatitis (VS) statement: This applies to states that experienced a VS outbreak in the last 12 months. In these cases an accredited veterinarian shall determine whether the animals are free from VS, and animals shall be accompanied by a CVI with the following statement signed by the accredited veterinarian: "All animals identified on this CVI have been examined and found to be free from VS. During the past 90 days, these animals were not located within 10 miles of a site where VS has been diagnosed."
3. All animals must be free of evidence of infectious and contagious diseases and a statement of this is required on the CVI.
4. Individual official animal identification is required for all goats. Official ID includes:

    a. A USDA ear tag with a US shield ; or
    b. A legible tattoo with herd and individual identification recognized in an approved USDA Scrapie database a.k.a. scrapie tattoo (flock ID in the right ear--state postal code and letters/numbers--and individual animal ID in the left ear); or
    c. A breed registration tattoo if the animal is accompanied by a registration certificate and the tattoo is legible.

- Tuberculosis testing requirements:

    - No test is required for animals originating from states or zones designated as accredited-free by the USDA.
    - All animals originating from states or zones designated modified accredited advanced by the USDA must be test negative within the 60 days prior to the date of importation. The negative test results and date of test must be included on the CVI or the animal must be accompanied by a negative test report (a copy of the original report is acceptable).
    - All animals originating from states or zones designated modified accredited must originate from herds in which all animals 12 months of age and older have tested negative within the 12 months prior to the date of importation; and the individual animals (all ages) to be imported have also tested negative within the 60 days prior to the date of importation and at least 60 days after the negative whole herd test was completed. The negative test results and date of test must be included on the CVI or the animal must be accompanied by a negative test report (a copy of the original test report is acceptable).

6. For post-exhibition sales the following requirements apply:

    a. Market goats must be documented on sales slips which contain the following information
        - Official identification (as described above)
        - Sale date
        - Sale location
        - Name, address and phone number of the exhibitor
        - Hauler contact information
        - Destination name and contact information
        - Total number of animals in the shipment
        - Type of goat (i.e. meat, dairy, specific breed)
        - Signature of consignee, agent, or hauler
            - Those slips must follow the goats to their destination (including slaughter facilities)

    b. Goats which are purchased with the intent of breeding and are traveling via interstate movement must have a Certificate of Veterinary Inspection (ICVI) prior to movement to the destination state.

    c. A copy of the sale records slips and a copy of any ICVIs (in b. above) must be kept for 5 years.

Recommendations:

All out of state goats must meet all criteria listed above as “requirements”. PDA has no additional recommendations to prevent the introduction of contagious disease from out of state goats.

Section 13: Pennsylvania Poultry, Including Chickens, Turkeys, Waterfowl, Upland Game Birds, Ratites and Pigeons/doves, and Hatching Eggs

Requirements:

1. All Pennsylvania poultry, including chickens, turkeys, waterfowl, and upland game birds entering an exhibition must bear an official PDA-issued butt end style leg band. Ratites must be

identified with a neck band or an electronic implant device (the exhibitor must supply a reader). Pigeons and doves must bear a unique individual identification leg band but do not have to be identified with an official PDA leg band.

2. An Owner-endorsed Poultry Health Certificate or a Certificate of Veterinary Inspection (health chart or CVI) must accompany all Pennsylvania poultry, including chickens, turkeys, waterfowl, upland game birds, and ratites; and pigeons/doves; and hatching eggs. The certificate must include the following:

    - Name and location of exhibition; and
    - Name, address, and telephone number of the owner; and
    - A statement that the entries and the flock of origin are free of evidence of infectious and contagious diseases; and
    - Owner signature and date of that signature.

3. **Avian Influenza Testing and Verification**: All samples must be collected by a Certified Poultry Technician or a Category II Accredited Veterinarian.

    - All poultry, including chickens, turkeys, waterfowl, upland game birds, and ratites, (pigeons/doves excluded), and their hatching eggs for exhibition must originate from a flock in which a random, representative sample of a minimum of 30 birds, 3 weeks of age or older, were tested for avian influenza within the **30** days prior to opening date of the exhibition. The birds or hatching eggs must be accompanied by the most recent test report (copy acceptable). Test results must be negative. If there are fewer than 30 birds in the flock, test all birds. For waterfowl, cloacal swab samples must be collected for testing instead of blood samples, and the swabs may be tested using PCR techniques. Swabs from geese and ducks may not be combined in the same tube for testing. Untested birds shall not be comingled with or added to the tested flock after negative samples have been collected and before the show.

4. **Pullorum-typhoid Testing and Verification** (pigeons/doves and waterfowl excluded for exhibition). All samples must be collected by a Certified Poultry Technician or a Category II Accredited Veterinarian.

    - Poultry, including chickens, turkeys, upland game birds and ratites (waterfowl excluded) and their hatching eggs must originate from a flock in good standing on the NPIP Pullorum-typhoid Clean Program (and there was no break in the chain of ownership by NPIP participants) or from a flock in good standing on the PA Pullorum Equivalent Program. The birds or hatching eggs must be accompanied by the most recent test report (copy acceptable). Test results must be negative. If the rapid whole-blood plate agglutination test was done, the most recent NPIP 9-2 form or state equivalent form must accompany the birds or hatching eggs (copy acceptable). Test results must be negative. If birds are less than one year of age and originate from an NPIP Clean hatchery, they do not have to be tested for pullorum-typhoid if they are accompanied by an NPIP 9-3 form from that hatchery and any additions to the flock were also from NPIP Clean sources. The NPIP number must be noted on the report for NPIP Pullorum-typhoid Clean flocks;

    OR

    - All individual birds (pigeons/doves and waterfowl excluded) for exhibition (maximum of 300) must have had a pullorum-typhoid test within the 90 days prior to the opening date of the exhibition. The birds must be accompanied by the most recent test report, or state equivalent form for the rapid test (copies acceptable). Test results must be negative. The following age restrictions apply:

        - Chickens shall be tested at 4 months of age or older.
        - Turkeys shall be tested at 12 weeks of age or older.
        - Game birds shall be tested at 4 months of age or older, or upon sexual maturity, whichever comes first.
        - Ratites shall be tested at 12 months of age or older.
        - All birds not meeting these age restrictions at the time of sampling are exempt from pullorum-typhoid testing requirements.

5. **Testing specifics/Records requirements**
    a. Sample collectors and testers must maintain records of animal identification, approved rapid testing, and any other records required by the Domestic Animal Law, and any order issued by the Department for a minimum of two years and must make records available to the Department upon request.
    b. National Animal Health Laboratory Network (NAHLN) protocols for sample collection, including the number of swabs/tubes of viral transport media, and testing shall be followed. All samples must be tested at a NAHLN laboratory. (excluding the Pullorum-typhoid rapid whole blood plate agglutination test that may be conducted at farm)

Section 14: Out of State Poultry, Including Chickens, Turkeys, Waterfowl, Upland Game Birds, Ratites, Pigeons/doves and Hatching Eggs

Requirements:

1. All poultry, including chickens, turkeys, waterfowl and upland game birds entering an exhibition must bear an official leg band issued by the state or country of origin.

2. Ratites must be identified with a neck band or an electronic implant device (the exhibitor must supply a reader). Pigeons and doves must bear a unique individual identification leg band but do not have to be identified with an official state leg band.

3. An Owner-endorsed Poultry Health Certificate or a Certificate of Veterinary Inspection (health chart or CVI) must accompany all poultry, including chickens, turkeys, waterfowl, upland game birds, and ratites; and pigeons/doves; and hatching eggs. The certificate must include the following:

    - Name and location of exhibition; and
    - Name, address, and telephone number of the owner; and
    - A statement that the entries and the flock of origin are free of evidence of infectious and contagious diseases; and
    - Owner signature and date of that signature.

4. **Avian Influenza Testing and Verification:** All samples must be collected by a Certified Poultry Technician or a Category II Accredited Veterinarian. All poultry, including chickens, turkeys, waterfowl, upland game birds, and ratites, (pigeons/doves excluded), and their hatching eggs must originate from a flock in which a random, representative sample of a minimum of 30 birds, 3 weeks of age or older, were tested for avian influenza within the **30** days prior to the opening date of the exhibition. The birds or hatching eggs must be accompanied by the most recent test report (copy acceptable). Test results must be negative. If there are fewer than 30 birds in the flock, test all birds. For waterfowl, cloacal swab samples must be collected for testing, and the swabs may be tested using PCR techniques. Swabs from geese and ducks may not be combined in the same tube for testing. Untested birds shall not be comingled with or added to the tested flock after negative samples have been collected and before the show.

5. **Pullorum-typhoid Testing and Verification** (pigeons/doves excluded): All samples must be collected by a Certified Poultry Technician or a Category II Accredited Veterinarian.

    a. All poultry, including upland chickens, turkeys, upland game birds, waterfowl, and ratites (*pigeons/doves excluded*) and hatching eggs must come from NPIP Pullorum-typhoid Clean flocks in good standing with the program (and there was no break in the chain of ownership by NPIP participants) and the birds must be accompanied by an NPIP 9-3 form;

OR

b. All individual birds (*pigeons/doves excluded*) (maximum of 300) must have had a negative pullorum-typhoid test within the 30 days prior to the opening date of the exhibition. The birds must be accompanied by the most recent test report (copy acceptable). Test results must be negative. If the rapid whole-blood plate agglutination test was done, the most recent NPIP 9-2 form must accompany the birds (copy acceptable). Test results must be negative. The following age restrictions apply to comply with NPIP standards:
